## Brainstorms.....

With Ferrin Cox

Next Tuesday is election day in Alabama with both the Democratic and Republican parties holding primaries. There are also two constitutional amendments on this list. We long ago realized we couldn't change any votes and have been accused of being the kiss of death on some candidates. However, even with this we have folks who are interested in my vote intentions if for nothing else but to laugh when I lose so badly. Here goes....

**GOVERNOR** - We are voting for Fob James. Enough said there, as most everyone has different reasons for supporting a particular candidate. We didn't get real excited over this race at all.

We will not even bother to discuss the Republican candidates for Governor and Lt. Governor as we don't feel any are remotely qualified.

**LT. GOVERNOR** - This race offers several safe votes. Elba folks must remember the support Jim Folsom Jr. gave during the fight to save the railroad. However, they are sure of voting for a man who knows his way around Montgomery and how to work with the legislature if voting for either John Teague or Hinton Mitchen. They are both good men also.

**U.S. SENATOR** - Democrats have a choice of five here. Richard Shelby is the leading candidate and gets my vote. His ties (or his wife's ties) to Elba and Coffee County coupled with his intelligence and experience leave us little choice. Jim Allen Jr. carries a well-known name, but has done little himself to win the race.

**REPUBLICANS** - have Senator Jeremiah Denton running against a Richard Vickers. There is really no race here and if I were voting Republican it would be for Denton. This fall, however, we will choose between Denton and Shelby.

**ATTORNEY GENERAL** - We support Don Siegelman and he is leading all polls for this office and could win without a runoff. The only real complaint we have heard on Siegelman is his limited experience in the office. We were concerned about this at first, even though the head man is mostly that with a host of assistants to look up the law in the book. However, when candidate Ken Wallace raised the question he was shot down when it was pointed out by Siegelman that in their only meeting in court Siegelman had won over Ken Wallace and us voters got to vote on budget isolation. We are comfortable with Don Siegelman.

**SUPREME COURT JUSTICE** - We are safe here with two candidates that are highly qualified. The incumbent is Gorman Houston from Eufaula, who was appointed to the position last year. We cast our vote for him for no other reason than we have heard his name more than Francis here of Birmingham. Here is catching some flack this week because a group of lawyers are openly supporting him. However, some are supporting the other candidate. All this brings to mind a joke we heard recently about the reason a snake will not bite a lawyer...professional courtesy.

**SECRETARY OF STATE** - We are voting for Glen Browder against Annie Laurie Gunter. Mrs. Gunter has been in statewide office for some time and has done nothing to upset us, but then she has done nothing to cause us to praise her either. Browder has convinced this country boy as well as some good friends that he will work hard and deserves the job. The polls have Mrs. Gunter leading, but we are still voting Browder.

**STATE TREASURER** - Here we have five candidates. Two qualified men and three just hustling for a job. Senator Ted Little of Auburn or Floyd Mann, who has been around keeping law and order, policing the state whiskey sales, etc., along with George Wallace Jr., Jim Zeigler and that constant candidate Jimmy Passmore. Zeigler is leading the polls, being a master at getting his name before the public without paying for it. George Jr. has done little except sign qualifying papers and has no record of his own. Both Little and Mann are qualified and we vote for Ted Little.

**PUBLIC SERVICE COMMISSION - Place 2** - This is a race of the unknowns as none of the six has held the office being vacated by Jim Folsom Jr. We will vote for Terry Ellis, a Coffee County native who is working for the Public Service Commission now. Actually we wouldn't know the other five if they walked into the office today.

**STATE AUDITOR** - Four years ago we didn't support Jan Cook, but feel she has served well and is the better qualified of the candidates. Frankly, we don't know the other two even though their friends have spoken highly of them. Sonja Stacey is a former IRS agent and surely knows how to audit, but we still support Jan.

**PUBLIC SERVICE COMMISSION - Place 1** - Here we go with the highly professional incumbent Lynn Greer. There is little to say about our reasoning other than we feel him qualified, supported him four years ago and haven't had a single regret.

**PUBLIC SERVICE COMMISSION - Place 2** - This is a race of the unknowns as none of the six has held the office being vacated by Jim Folsom Jr. We will vote for Terry Ellis, a Coffee County native who is working for the Public Service Commission now. Actually we wouldn't know the other five if they walked into the office today.

**STATE BOARD OF EDUCATION - DISTRICT 2** - There are three candidates in this race. None are incumbents and none have been candidates before. We don't know Sharon Mitchen of Geneva and can't comment on her abilities. We do feel we can speak of the other two, however. Mark Irving, of Ozark, has paid his dues to the system by serving on the local school board and working with statewide groups to upgrade education. Steadman Sherr of Dothan...yes the football player, is highly qualified also and is a good Christian, often addressing young ballplayers about his Christian beliefs. We were going to vote for Sherr, feeling that his strong Christian beliefs would have him voting for what he thought was right even if he wasn't sure of the exact needs. However, after rethinking the issue, we will vote for Mark Irving because we feel he already has the necessary experience to do us a good job on the state board.

**CIRCUIT JUDGE** - This race got a little heated a few days ago, but we are hearing nothing now. It is amazing that Coffee County folks are just not talking about this race at all. We did pick up a little talk in Pike County about the candidates a couple of weeks ago but not much. Both Sam Adams and Gary McAlley are qualified. Both are honorable men and any district would be well served to get either. We know a lot of public office holders that don't measure up to the standards these two men have set for themselves. We take the cabbage patch on this one and let you guess how we are going to vote.

**COUNTY SCHOOL BOARD PLACE 2** - Now I have two friends going head to head for this thankless job. While the winner will get nothing but static after winning, I ain't going to lose a friendship by running my mouth here. In fact, I may not even vote on this one, for fear it will show in my eyes. Vote for either Virgil Coleman or Preston Kelley Jr. Both are good men and are interested in our children.

## Letters To The Editor

Dear Editor:

Please allow me this opportunity to set the record straight on a matter that has been in the news for some time. Referring to a recent letter that appeared in your paper concerning expenditures that have been made by the city administration.

I have had numerous people come up to me and ask, "Did you write that letter?" The answer is NO. I always have and will sign my name to anything I write.

Not only did I write it, I am in total disagreement with its contents. To clear the air, I served on the City Council when the vote came up to build a new fire station, purchase a new fire truck, build a new band room and the recreation park and if my memory serves me correctly, I was the council member who made the motion to buy these things. I would have made the motion to buy the City Hall, but I was not on the council at that time. It was purchased during the Folsom administration, but I still think it was a wise move.

During the 27 years I worked at Fort Rucker and my wife taught school in New Brockton, I was asked many times why I didn't move to Enterprise, because I was closer to our work. My reply was that I love Elba and want to see it progress.

I am proud of what we have, a fine fire department, rescue squad, recreation area and stadium. Even the new street sweeper (which I fought during my tenure.)

I have served in two wars and have seen Europe and the Orient. I think I can thank God for a town like ours and a country like ours and I pay my taxes (whatever they may be) and enjoy the benefits. I can remember serving on the Fire Department when we had one truck and saw more than one house burn to the ground and people suffer because there was no rescue squad to take them to a hospital. I thank the present administration for the foresight to buy these things which I think make a much better place to live. If the Lord is willing, I will continue serving as a volunteer ( unpaid) on the rescue squad and look with pride at what Elba has.

Sincerely,  
Sonny Imman

Dear Editor:

The American Red Cross Blood Services, Gulf Coast Region, thanks Elba High School and the people of the Elba community for joining with us as partners for life. The blood drive on April 23rd was an outstanding success. Ninety-seven people came to the blood drive and 82 productive units were collected for patient use.

Special thanks to Donald Lawford and the I.C.T. Class. Their efforts and the response of the donors resulted in a successful blood drive.

I also want to thank every volunteer who worked the drive, every high school student who donated and everyone from the community who gave or tried to give the gift of life. You all played a vital role in providing a safe and adequate blood supply for patients in the Gulf Coast Region.

## —ELECT— Gary L. McALILEY CIRCUIT JUDGE

When I was in High School, circumstances caused me to be without a place to live. Judge GARY L. McALILEY saw that I was provided for. He even let me live in his own home free of charge until I graduated from Enterprise State Junior College, married and moved off to a University. Judge GARY L. McALILEY saw to it that many doors were open to me and that I had a chance in life. While I lived in his home, I saw him help hundreds of other children and adults. That's the kind of man Judge GARY L. McALILEY is. We think he's the greatest.

NOW, THEREFORE, I, George C. Wallace, as Governor of the State of Alabama, do hereby give notice, direct and proclaim that on Tuesday the 3rd day of June, 1986, an election will be held at the several polling places within the State of Alabama in the manner and form provided by law upon the following proposed amendment to the Constitution of 1901 of the State of Alabama:

### PROPOSED AMENDMENT

The Legislature may hereafter, by general law, provide for the promotion of the production, distribution, improvement, marketing, use and sale of wheat and other feed grains as defined and authorized by the Legislature. The Legislature may provide for the promotion of wheat and other feed grains and wheat and other feed grain products by research, education, advertising and other methods. The Legislature is further authorized to provide means and methods for the financing of any such promotional activity by prescribing a procedure whereby producers of wheat and other feed grains may by referendum among such producers levy upon themselves and collect assessments, fees, or charges upon the sale of wheat and other feed grains for the financing of any such promotional program or activity in cooperation with buyers, processors, dealers, and handlers of wheat and other feed grains. The Legislature may make provisions for the non-payment of assessments by wheat and other feed grain producers, and shall make provisions for the refund of assessments to any wheat and other feed grain producer who does not desire to participate in an assessment program. The Legislature shall provide for the collection, disbursement, distribution or expenditure of assessments or charges authorized hereunder and to provide penalties for failure to make collection and distribution of assessments. The Legislature shall provide for the designation of a nonprofit association or organization for the promotion and betterment of wheat and other feed grain products to administer and carry out such promotional program which shall include the conducting of elections or referendums among producers of wheat and other feed grains. The Legislature may provide the manner by which such referendum is held, including the procedure for appli-

cation for approval to conduct the referendum, the appropriate action to be taken by the State Board of Agriculture and Industries on such application, the requirements and eligibility of the association or organization which will conduct such referendum, the procedures for voting and eligibility to vote in such referendum, the details of the conduct of such referendum. The Legislature shall further provide for the deposit, withdrawal, disbursement and expenditures by the designated association of any funds received subject to the supervision and control of the activities as authorized herein by the Department of Agriculture and Industries and the State Board of Agriculture and Industries. The Legislature shall further provide a procedure whereby said association or organization is bonded, for the examination and auditing of said association or organization, and for reasonably necessary rules and regulations to be adopted by the State Board of Agriculture and Industries to effectively carry out the intent and purposes herein enumerated. Assessments, fees or other charges collected as authorized by any legislative act adopted under authority hereof shall not be considered as a tax within the meaning of the Constitution or any provision thereof. Any uniformity requirements of this Constitution shall be satisfied by the application of the program upon wheat and other feed grains.

## Nursing Home Spotlight

By Shirley Wise

This last week of May, 1986, we're visiting a gentleman at the Elba Nursing Home, a gentleman by the name of Mr. Zeanus Hudson.

Mr. Hudson was born July 13, 1905, in the old Hudson Mill Community. So we can see he is going to celebrate his 81st birthday shortly, the "Good Lord willing and the creeks don't rise." (Remember when Tennessee Ernie Ford said this on his television program in the late 50's and early 60's?) Therefore, we'd like to go ahead and wish Mr. Zeanus a very "Happy Birthday" a little bit early.

When we asked his wife, Mrs. Alice Hudson, if Mr. Zeanus' birthplace was named after some of his people, she told us that it was. She said it was named Hudson Mill Community because an uncle of his, a Mr. Giles Hudson, owned and operated a grist mill and a cotton gin there; hence the name. Also, because most of the people who lived there were Hudsons, and were related.

Mr. Zeanus' parents were Charlie and Augusta Adams Hudson, both of whom were born and reared in this area. His father was a farmer and he had six brothers and sisters.

They are: EFFIE HUDSON, who remained unmarried and now resides in the Luverne Nursing Home; but who previously lived near Opp in the Valley Grove Community, then moving back to the Hudson Mill Community; ESTER HUDSON, now deceased, who was married to Julie Cantaline and Bonnie Free Ammons, both of whom are deceased. At the time of his death, Mr. Ester lived near Zion Chapel. ESTELLE KING, deceased, was married to Fletcher King, also deceased. Miss Estelle was a resident of the Elba Nursing Home at the time of her death. LUCILLE is married to Henry Bryan and they make their home in the Lee Community; GREEN MACK HUDSON, who was married to the late Venera Wambles and is now married to Minnie Oliver. They make their home in Elba. The last brother, JOHNNY, died when a young child.

On December 7, 1929, the year of "the Good Mr. Zeanus," Miss Alice Morgan was wed. Miss Alice was from the Pine Level Community and was one of eight children born to Mr. and Mrs. John Morgan. Mrs. Morgan was the former Myrtle Smith.

Mr. John was a farmer whose parents came to Crenshaw County from Georgia. His father, Snow Morgan, owned and operated a cotton gin, grist mill and store near Brantley, now called Sasser's Mill.

A story that is told in the family is that Mr. Snow's wife, the former Laura Webb, told a friend, when asked when she was married, "I'll get married when a snow comes in August;" and lo and behold, a Mr. Snow came in August and in time they were wed.

In addition to farming in his early years, Mr. John also operated a grocery store, known as Morgan's, located between Opp and Andalusia.

Miss Alice's brothers and sisters are: DEXTER, now deceased, who was married to Alice Carley. They made their home in Opp and Miss Alice still lives there. CELLUS, deceased, who was married to Lilla Day, also deceased; they were residents of Dothan. VOY, who lives in Brantley, and was married to Byrd Wiggins, now deceased. JOHNNY, who with her husband, Comer Morgan, lives in Brantley. J.B., who is married to the former Earl Harrison and they live in Luverne. LEWIS, who is married to the former Ruth Compton and they live in Andalusia. and HUEY, who is married to the former Bonnie Day and they live in Elba. Mr. Cellus and Mr. Huey married the Day sisters - Lilla and Bonnie.

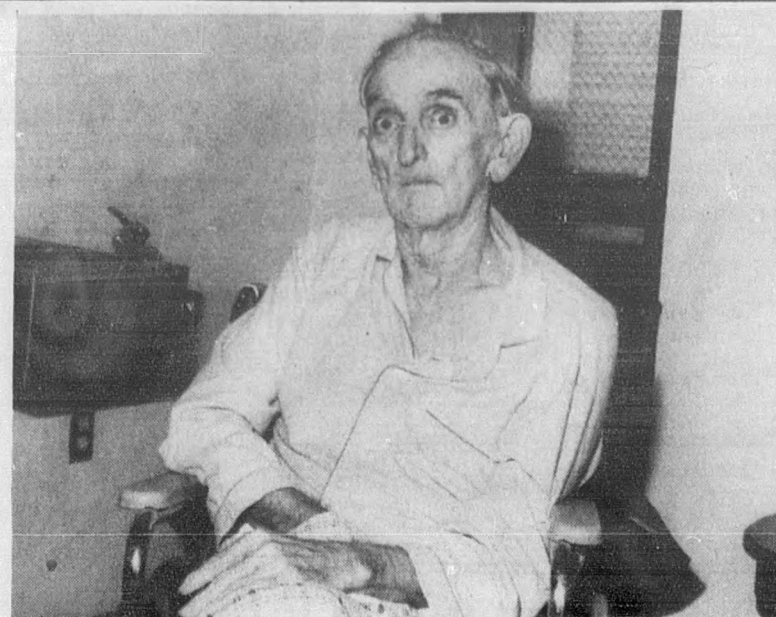

Mr. Zeanus received his early schooling at the Ham School, located on Highway 189 N., toward Brantley. He farmed in the early years of his marriage and then began working in Opp at the cotton mill. He fell, on the job, breaking a vertebra, and his health steadily deteriorated from that time.

In his younger days, Miss Alice remembers him as a good-looking man, "tall and slender, with black hair and big, pretty blue eyes."

Mr. Zeanus and Miss Alice have one child, a daughter, CARILYN, who is married to Sam Andrews. Sam is originally from Enterprise and is employed with Windham Power Lifts.

Carilyn is the mother of four children. They are: Rhonda, married to John Green, an Atlanta, Ga., native. They reside in Eufaula where John is employed with American Builders. They are the parents of two sons - David, a 7-year-old, and Daniel, age 1. Jamie is married to Steve Falls from Elba. They live in Norfolk, Va., where Steve is based with the U.S. Navy and Jamie is attending college there; Jimmy, who is unmarried and with the Navy in Jacksonville, Fla.; and John Joseph, who is married to the former Phyllis Bryan of Elba. John is employed with Food World in Troy and they are the parents of a 4-month-old daughter, Jessica, and reside on Rt. 1, Elba.

Carilyn has many fond memories of her mother and daddy and growing up in a close-knit family in a loving atmosphere, in a home filled with love and warmth and goodness. She said, "As far back as I can remember, Daddy and Mother

ZEANUS HUDSON

always went to church. The church was located about three miles from our house and I remember Daddy carrying me in his arms to church. He also carried me in his arms to Charlie Marler's store where I'd get candy. He always had something going. He was a great kiddie, especially to children. He really enjoyed his grandchildren when they were little - he loved them very much. Daddy was a family man - his whole life was always centered around us.

When asked who was the disciplinarian in the family, she replied, laughing, "Mama was the strict one. I had a way of getting around Daddy."

When we asked Miss Alice, she too laughed and agreed. "You know," she said, "Carlyn was a good child, but sometimes you have to spank children to let them know - and be reminded - who's the boss; and when I had to get onto Carlyn and spank her, Zeanus couldn't stand to see it - it nearly killed him."

Miss Alice recalled the '29 flood for us, and I'd like to quote her. She said: "We were living in Pine Level at the time. I remember it was on a Saturday, and it had been raining and raining and raining. All of us children and Daddy were shelling peanuts. We had shelled peanuts 'til our fingers were burning."

"It quit raining and Daddy asked if we wanted to walk around outside and rest our fingers and legs. I never will forget - there was a little hillside and water was pouring over that hill like a dam! A neighbor came up and said he had heard Elba was flooded, and so 13 of us loaded into his Model T and drove toward Elba. We came in from Danley's Crossroads, but couldn't get any closer than the railroad. The water was up to the cross-ties. There were boys and girls in overalls with the legs rolled up, playing in the water."

"You could see eggs, furniture and animals floating in the water and furniture was put outside on porches to dry out - it was a sight!"

Mr. Zeanus is a Primitive Baptist, having joined at the Beaver Dam Primitive Baptist Church.

Carilyn and Miss Alice recall Mr. Zeanus telling them that he remembered Uncle Charlie Porter living in the community when he was growing up years ago, and he looked then just like he did in later years.

Mr. Zeanus and Miss Alice are lovingly known as "Mother" and "Granddaddy" to their four grandchildren, and "Grandmother" and "Grandpa" to their three great-grandchildren.

When asked about their courting days, Miss Alice replied, "We courted on a Model A or T. I'm not sure which; it belonged to a friend. That's how we did our courting - what courting there was! Back then, we didn't go much - my daddy was very strict. We always had a lot of love in our home - he was a good man. We brothers and sisters loved each other dearly and were very close, and we worshipped our daddy. You see, our mother had died when we were all pretty young, so I guess we just gave all our love to our daddy."

Mr. Zeanus was admitted to the Elba Nursing Home April 7 of this year. Mr. Joe Hodge is his roommate; Miss Alice still lives on the old home place.

Some favorites of Mr. Zeanus are: the color "blue;" favorite season - "He just loved life - any time of the year. He liked the outdoors, and loved to sit in the shade in the summertime. In the warm weather," Miss Alice said, "Christmas is his favorite holiday, and he likes 'vegetables, fried chicken, dressing, dumplings, sweet potato pie, tea, milk, butter, and coffee with his breakfast."

As far as hobbies go, she said, "He never really had any, except when television came along; he enjoyed watching it, and he always liked going to church."

When asked what he'd wish for if he could have one wish, there was positively no hesitation when he replied, "Go home!"

When asked his advice for the younger generation, he said, "I'd tell them to go to church, mind their manners and daddys and get a good education."

We asked him if he could live his

life over, what would he do different, and he said: "I would have joined some type of service."

Laughingly, his wife asked him, "Would you have joined the service or married me?" and he looked at her and quickly replied, "I'd have married you!"

We hope you have enjoyed meeting and reading about a fine Christian gentleman - one who has always believed in God, his family and hard work - Mr. Zeanus Hudson.

NOTE FROM SHIRLEY ABOUT THE LIBRARY I visited the Elba Public Library one day last week and was pleasantly surprised and excited at all the good books they have.

Scanning the shelves, I saw Steve Garney's and Lee Iacocca's autobiographies (for those of us who like to read these "from-rags-to-riches" books); "Comet" by Carl Sagan, for all you stargazers; "Hitler's Mistakes" caught my eye, and might interest you WWII history buffs; "I Never Played the Game" for Howard Covell admirers; and a book with the intriguing title "Close Encounters" by Mike Wallace, the newsmen.

The library has a wider selection of books due to a rental service contract with McNaughton Book Service for fiction and non-fiction books. This contract enables the Elba library to offer this variety of reading fare, as the books are exchanged periodically, with 26 new additions being added each month.

And, just think - all this for FREE to the reading public! School is out, summer is here - so parents, encourage your children to visit the library and READ this summer! "Reading is terrific!" - for everyone!

The friendly and efficient ladies at the library will be only too happy to assist you in finding the book that is "just what you're looking for;" and if they don't have it, will do their best to obtain it for you from their other sources.

Visit your library today!

Annual Memorial Day  
Drive In Progress For  
Evergreen Cemetery

The annual Memorial Day drive is now in progress for the Evergreen Cemetery Perpetual Care fund. Scheduled improvements this year include paving of West Drive in the new section of the cemetery.

The committee reminds interested persons that the drop in interest rates has reduced income available from the trust fund, and memorials may be made throughout the year.

Donations and memorials may be sent to:  
Evergreen Cemetery Perpetual Care  
P.O. Box 151  
Elba, AL 36323

JILL MADDOX AND ROB HUDSON  
Assistant Editors

## Editor Bids Farewell

My senior year at Elba High School has now come to an end. It has been made brighter because of my position as editor of *Tiger Pause*. But the publication could not have been successful without the help of many people.

First, I owe a great thanks to Mr. Sharpless for selecting me as editor and helping me along the way.

Second, to my third hand, Jill Maddox. She has helped me more times than I could ever mention.

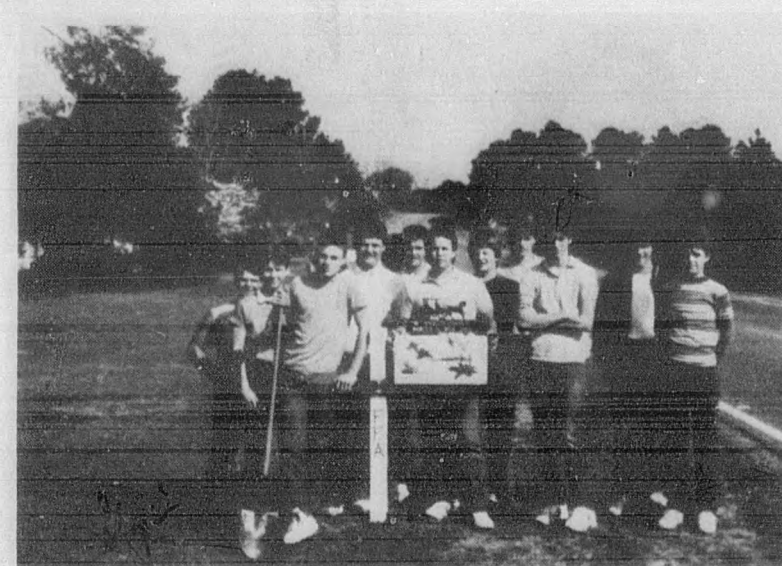

Third, to everybody at *The Elba Clipper*: Ferrin, Ricky, Heddy,

Faye, Annette and Sharon -- thanks for all the advice and the conversation.

And finally, to my mother -- I owe the greatest gratitude for putting up with my late hours and reading all the articles the night before they were due.

Thank you to all who have assisted with *Tiger Pause* and good luck to the 1986-87 editors.

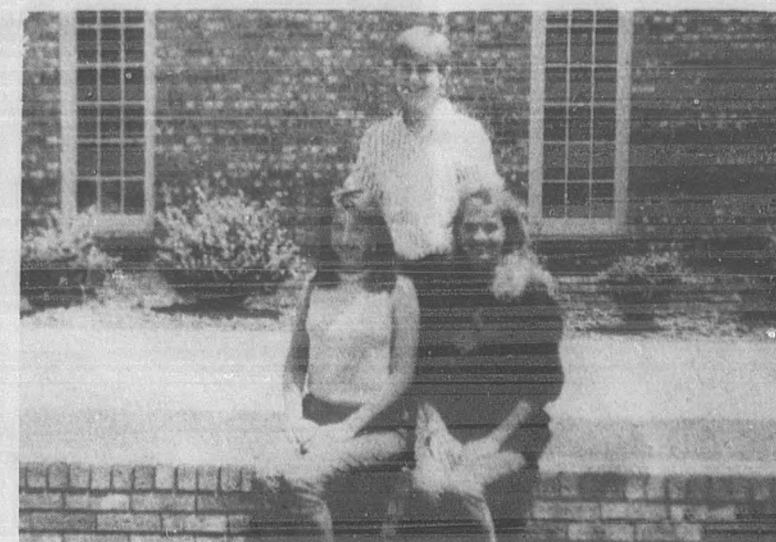

MARTY HARRELSON

**FFA PROJECT OF THE WEEK** - The first year Agriculture class is shown here with a FFA mailbox post. The post is made up of cement with 1/4 inch steel rods for support of the cement and 2 x 4's to brace the mailbox itself. The post is made to last and is just another of the many projects done by the FFA and Mr. Mike Carnely for the community.

### Memories

As we reach our hand  
The diploma we grasp,  
While we think of the memories  
Of the years in the past.

Tears fill our eyes,  
Because it's all gone.  
We're starting a new life,  
We have to move on.

We hope friends will keep in touch  
As the years pass us by,  
Although it hurts inside  
We'll try not to cry.

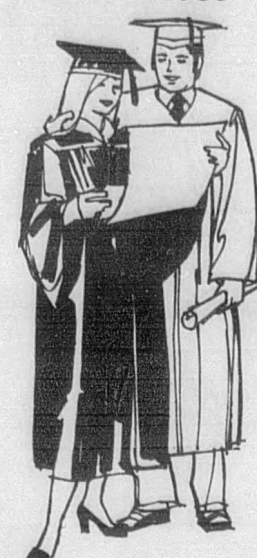

We think of kindergarten  
And our first day,  
Now we've reached the end  
We are going away.

How do you say goodbye  
To friends who mean so much?  
Will there be time  
To sincerely keep in touch?

You'll always have the memories  
Of your school years from day one.  
Don't think of school as ending.  
Think - a new life has begun.

The Man!**

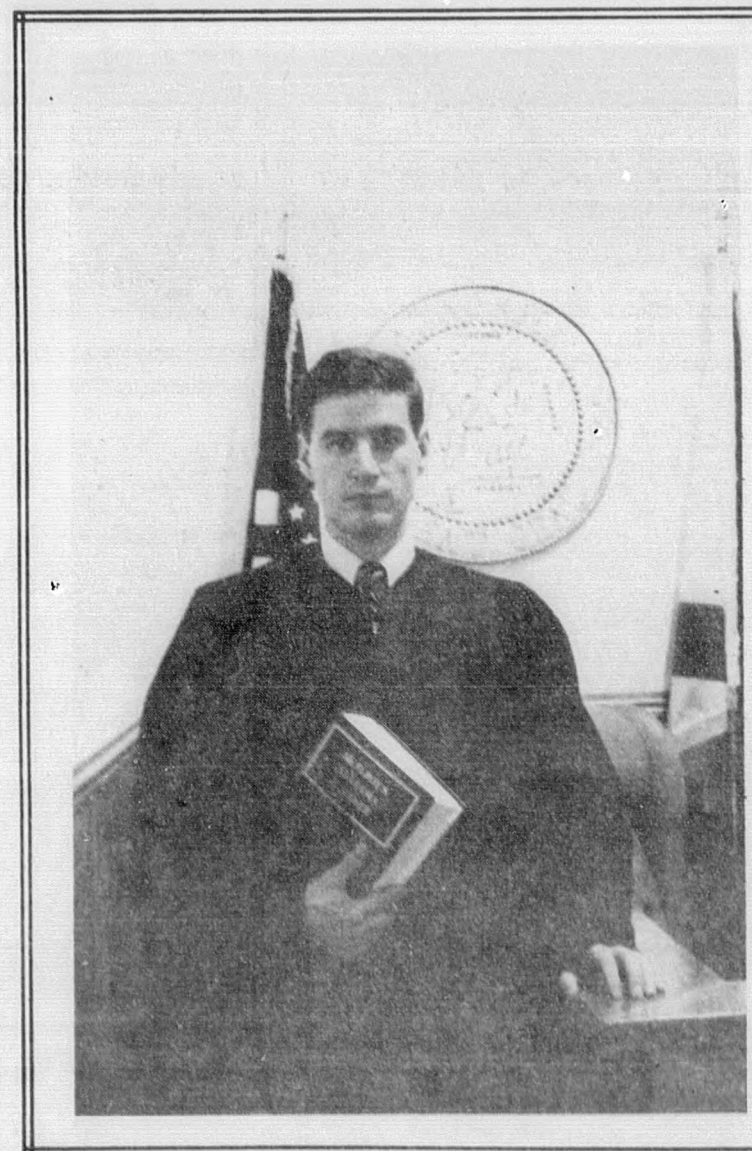

Circuit Judge Sam Adams at his swearing-in ceremony with Chief Justice Bo Tobert and his parents, Ralph and Dorothy Adams of Troy.

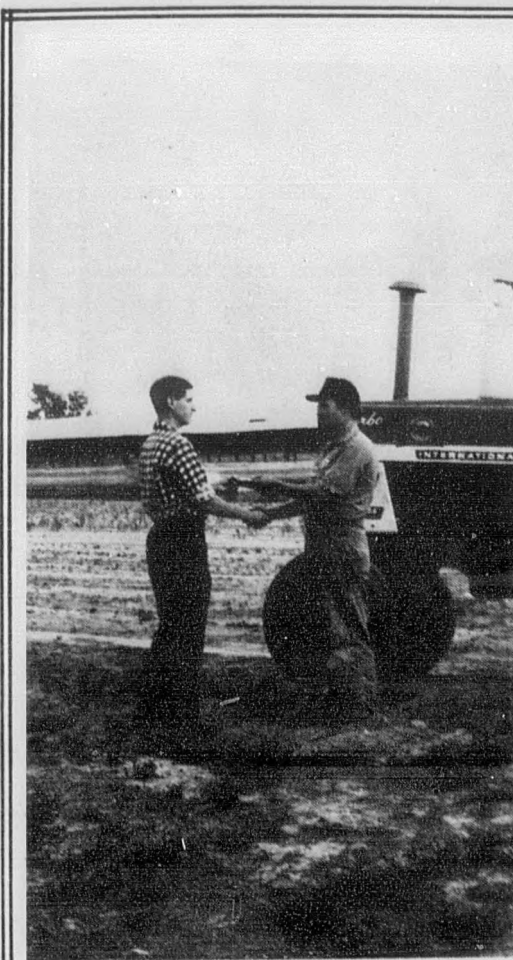

Judge Adams researches the law to insure his decisions are sound. This hard work has resulted in an excellent record.

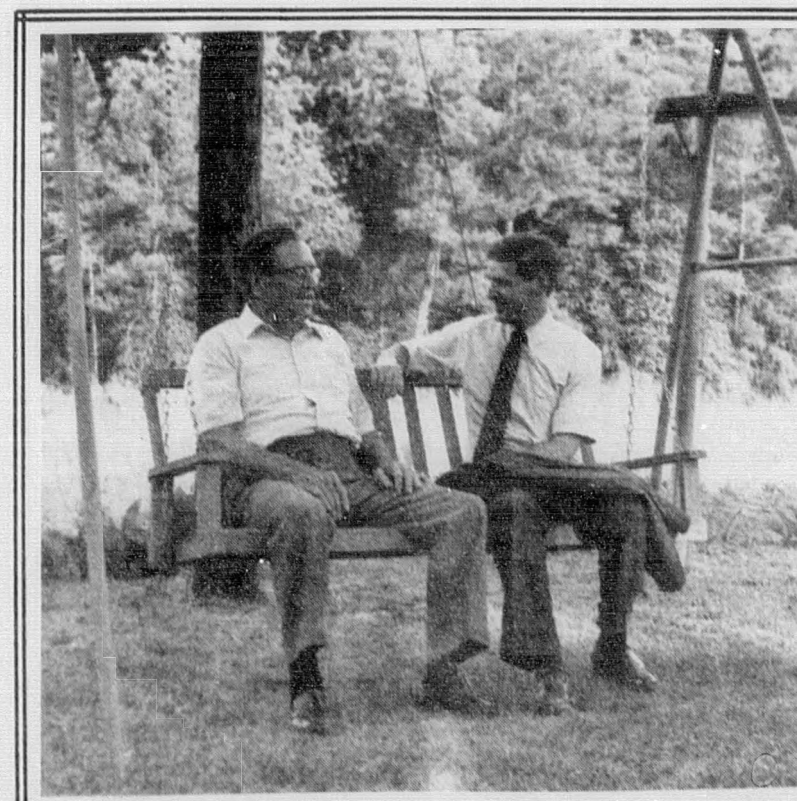

**Sam's The Man!**

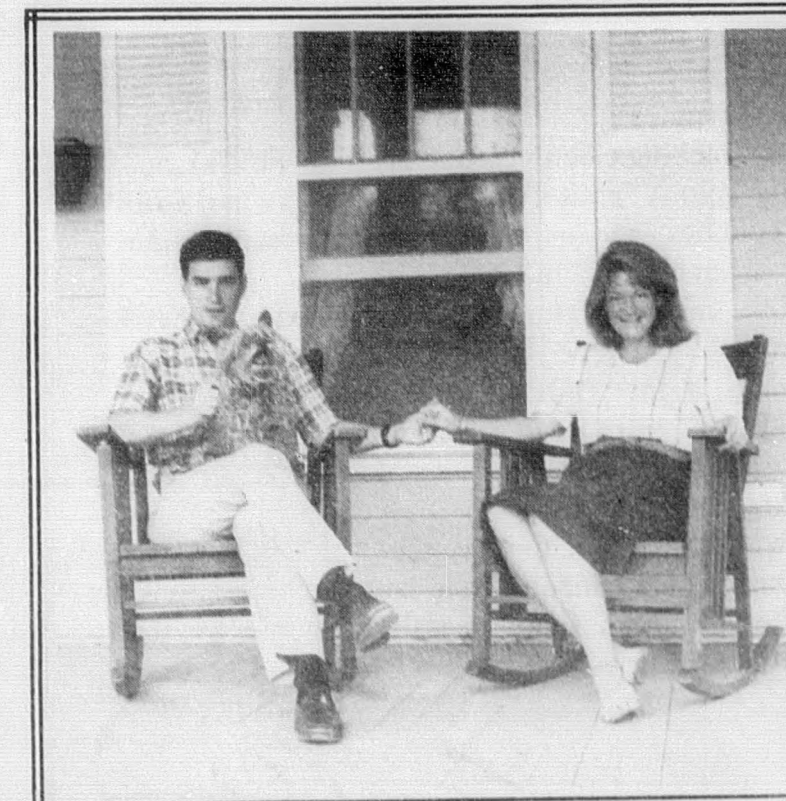

Circuit Judge Sam Adams is the only candidate to conduct jury trials. Here in the courtroom, Judge Adams insures that justice is done and that all citizens are treated fairly.

Sam has gone throughout Coffee and Pike counties to talk with the fine people of this area. Judge Adams enjoys seeing old friends and greeting new faces. Whether it is out on the farm, at the factory, in the general store or by the road, Sam's the Man to get things done for the 12th Judicial Circuit.

Sam enjoys the fellowship found down home. He has a good-natured personality and a deep abiding love for God. After church you'll usually see Sam walking his dog, playing soft ball at the park or chatting with a friend on a backyard swing.

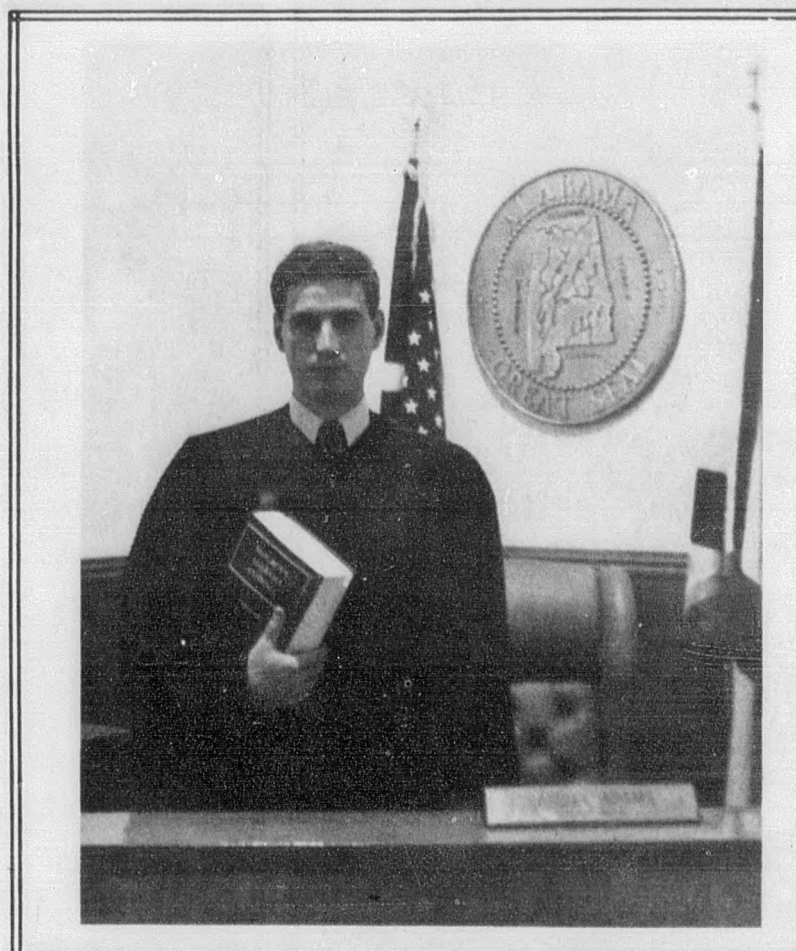

Sam grew up in Pike County. He now lives in Coffee County. As Circuit Judge Sam wants to continue serving both counties. Sam has been a resident and homeowner in Enterprise since 1984. He is a member of the First United Methodist Church. Sam and his fiancée, Mary Martin of Enterprise, look forward to living in the Wiregrass area for years to come.

COLORED BACKGROUND

*Circuit Judge Sam Adams has an open door policy. His office is located on the main floor of the newly renovated Courthouse in Enterprise. Judge Adams travels throughout Coffee and Pike counties each week to conduct court in a fair and efficient manner.*

*Circuit Judge Sam Adams has enjoyed working for you, the people of the 12th Judicial Circuit. Judge Adams has served you fairly and honestly. He would like to remain standing up for you and the Great State of Alabama.*

Dear Friend,

I am seeking election to the position which I currently hold, Circuit Court Judge of Pike and Coffee counties, and I would greatly appreciate your support and vote June 3.

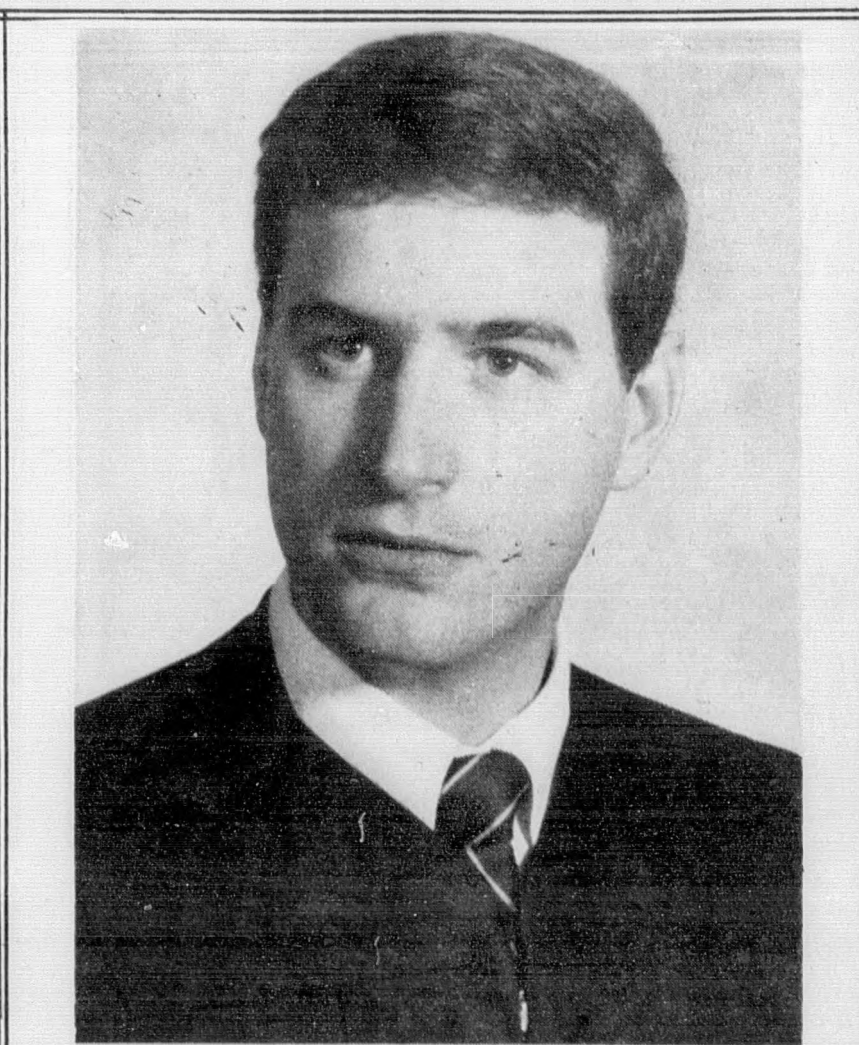

Since my appointment as circuit judge, I have significantly reduced the backlog of cases in our counties. In fact, the state has given me an efficiency rating of 110%. My record on the bench speaks for itself. Not a single case I heard was reversed during my first year.

I wish to continue to serve the people of the 12th Judicial Court. Should you have any questions, please do not hesitate to call or come by the courthouse.

Sincerely,

*Samuel Adams*
